

We are a DBE certified full-service general contractor with 40+ years of real estate development expertise. With a strong track record and extensive experience, we have successfully developed over 4 million square feet of various types of properties including industrial, apartments, retail, self-storage, residential, and land development.

Tigre Investment Company team members offer transportation and infrastructure services throughout Southern California by providing strategy/funding support, project management, program management and construction management. Representative projects include freeway interchanges, grade separations, bridges, streets/highways, electrical power distribution, water and wastewater facilities, drainage & pump stations, and telecommunications construction.
